PARTNER HIGHLIGHT: FOLLOW YOUR HEART

FOLLOW YOUR HEART is thriving & still committed to the same ideals and values that we had in 1970. Since our humble beginnings as a small market in Canoga Park, we have expanded our passion for great-tasting, healthy foods. We believe that all people deserve access to healthy food, that we have a responsibility to be good stewards of the environment.

OUR MISSION

In 2019, after our doors have been open for a decade, we took a deep look and listened to ourselves as a company. We listened beyond what we created, we reflected upon the journey that brought us here and explored ideas of where this path and our growth will lead. Our greatest strength has always been creating a menu with choices that feel good for everyone. We source mindfully, with our farmers, our environment and our guests in mind at all times. We look to the future of food, and plant-based proteins are undoubtedly at the forefront of sustainability. Our menu is now half vegan, plant-based and more delicious than ever. We want to see who we are, and not a bareburger, we celebrate everyone.
